

Aug 8-45

Joe Stewart:

What a hectic turmoil
this place is in. By this time you
know. But I am sending you
some clippings just in case - Please
keep them for me.

I'll send back issues of the
Villager to you in Columbus.

This place is really a madhouse -
about 70 or 80 of the nation's top ranking
journalists are here. Aug - 9 - 45

this is where
the Col called
45 I left for
Hartford

Yesterday I went along with them
and the officers and a few others on a
tour of Hartford & the areas. The entrance
to the areas is still restricted so we
had to peep thru with a view thru the
fence. Quite a tour. ^{PM} 9 - 2 PM.

The day I wired you I broadcast
over the American Broadcasting System at
9 PM.

I've been interviewed re the HEW
emp. Asian & Villagers etc. Don't know
what will come out of it.

Last night the Colonel threw a

party for the press. Everyone you know was
there and all were interested in knowing
whether I'd heard from you since the
announcement on Monday. They were all
expecting to see you walk in the door
any minute what with all the excitement
& stuff.

Ally has Life's photographer got some
shots of the crew - maybe this time I'll make
it. It was quite a party & everyone well.
Yours truly is slightly plump this AM.

Business goes on as usual & wouldn't
you know that Village Election is tomorrow.
The Preschawed have connected me before he
made that announcement because he certainly
has detracted somewhat from the election.
He will send a life.

I won't try to tell you about Richard
otherwise - you can read it in the paper.

Unless to say there's considerable hair
letting down & many much heaving of sighs
and letting out of breaths. Secrecy is still
dominant & with the exception of a certain
privileged few no releases are being made except
by the Public Rel. Officer. It's difficult to know
when to draw the line when the question
start flying but I'm still here & M.B. hasn't

3/

lacked me up so I guess I'm done @ \$ so far.

It is a relief to be able to tell you & what the product is. & sometime you may learn how it gets out Ha! Ha! Maybe under someone's fingernails. Huh.

Well my sweet I'd better send you what I have & then wait as it comes in.

Bill Simonds wants a 41 or 42 Cadillac preferably convertible - a 42 Roadmaster or Century Buick - convertible or a Lincoln Zephyr continental style.

*→ He is calling his father in Detroit to buy one for him - & then you are to take it to Columbus. By the time you get this you will probably have heard from Bill's father so I won't go more into detail.

Any way I plan to be back in Columbus before the last week in August. I got a letter from Roger & he won't be back before sometime in September so I won't be able to spend much time.

I may have to be in San Francisco on Sept 14 so you can see my schedule.

to pretty light.

I written Martha about the same thing
so she is aware.

Your Tom Cat & I are both doing nicely
his really his red mean self after the
warming.

The house is not too dirty - my
cat traps & they get cleaned every 3rd day
whether they need it or not.

I haven't found that Red Head so

fun really saving money.

The deposit slip from Edwards is at the home but
I if remember there was an odd amount
\$116.40? or something I'll let you know.

Well my darling things are getting into
high gear now so I'd better get this mailed
to you.

Give my best love all my love
except what I always have for
you.

I do miss you my dear
living alone is not for me
for long

Sagami
